

Due Date: Thursday Oct. 22nd, 2020 before 8:00am

1. Recreate the Drawings.
 - a. Use *Lab5castle.jpg* and *Lab5clevis.jpg* from Canvas.
 - b. Recreate the Isometric views for both drawings.
 - c. Create Orthographic (Front, Top, and Right) views for both drawings.
 - Place the Orthographic views on the same drawing as the Isometric view. Make sure views are properly aligned.
 - d. Create layers, and include hidden lines and center lines on all views.
 - e. Create a dimension layer and show at least **five** dimensions on each drawing (on the Ortho views). You may choose which features to dimension.
2. Submit your TWO .dwg files to the appropriate Canvas dropbox before the due date.
