- **Notifications:** Canvas can send you emails and text messages when updates to your courses occur. Notification preferences can be modified under your profile settings in Canvas. ***Not every course will be set up to send notifications.** Each course will be different as instructors must select to turn on notifications within each course. Contact your instructor to see if course notifications are turned on for your online course.

Accessibility

- Considerations such as close captioning and thoughtful design to assist screen readers (among other needs) for successfully completing an online course are implemented to the best of the instructor's ability. Requests for these or any other accommodations should be submitted to the OSU Student Disability Services at: <http://sds.okstate.edu>. In addition to the formal request, contact your instructor as soon as possible to discuss potential accommodations.
