1904.10 - Hearing Loss

- ♦ Must record all work-related hearing loss cases where:
 - ~ Employee has experienced a Standard Threshold Shift; and
 - \sim Employee's hearing level is 25 decibels (dB) or more above audiometric zero [averaged at 2000, 3000, and 4000 hertz (Hz)] in the same ear as the STS.

| | Hearing l | -OSS | – Re | corda | ible (| or no | t? |

11

1904.11 - Tuberculosis

- Record a case where an employee is exposed at work to someone with a known case of active tuberculosis, and subsequently develops a TB infection
 - ~ Skin test
- ♦ work related TB exposures only

| 4 | 1 |
|---|---|
| | , |
| | |

1904.29 - Forms

• Employers must enter each recordable case on the forms within 7 calendar days of receiving information that a recordable case occurred.

13

1904.29 – Privacy Protection

- ♦ Do not enter the name of an employee on the OSHA Form 300 for "privacy concern cases"
- ♦ Enter "privacy case" in the name column
- ♦ Keep a separate confidential list of the case numbers and employee names
 - ~ provide to an OSHA inspector upon request.
 - ~ NOTE: OSHA injury/illness & medical surveillance records are not protected by HIPPA

 - Health Insurance Portability and Accountability Act of 1996
 US legislation that provides data privacy and security provisions for safeguarding medical information

14

1904.29 - Privacy Protection

- ♦ Privacy concern cases are:
 - \sim An injury or illness to an intimate body part or reproductive system
 - ~ An injury or illness resulting from sexual assault
 - ~ Mental illness
 - ~ HIV infection, hepatitis, tuberculosis
 - ~ Needlestick and sharps injuries that are contaminated with another person's blood or other potentially infectious material
 - \sim Employee voluntarily requests to keep name off for other illness

1904.35 - Employee Involvement

- You must inform each employee of how to report an injury or illness
 - Must set up a way for employees to report work-related injuries and illnesses promptly;

 Must provide limited access to injury and illness records to employees, former employees and their personal and authorized representatives

1904.36 – Prohibition Against Discrimination

- Section 11(c) of the Act prohibits you from discriminating against an employee for reporting a work-related fatality, injury or illness
- Section 11(c) also protects the employee who files a safety and health complaint, asks for access to the Part 1904 records, or otherwise exercises any rights afforded by the OSH Act

2012 memorandum

- ♦ Illegal discrimination
- ♦ Disciplinary action for being injured on the job
- ♦ Disciplinary action for not reporting an injury timely
- ♦ Post accident disciplinary action for violation of a safety rule
- ♦ Bonuses based on reduction of injury goals
- ♦ Incentive programs that discourage reporting of injuries

| 1904.39 – Fatality/Catastrophe Reporting | |
|---|--|
| ◆ Fatality - within 8 hours | |
| ◆ Within 24 hours ∼ Amputation ∼ Hospitalization for treatment (not diagnosis or observation) ∼ Loss of an eye | |
| Call local area office or 1-800-321-OSHA. Can also report using OSHA website Do not need to report | |
| highway or public street motor vehicle accidents commercial airplane, train, subway or bus accidents | |
| | |
| .9 | |
| | |
| | |
| | |
| Definition of Amputation | |
| An amputation, for OSHA reporting purposes, is defined under | |
| section 1904.39(b)(11). ~ "An amputation is the traumatic loss of a limb or other external body part. | |
| Amputations include a part, such as a limb or appendage, that has been severed, cut off, amputated (either completely or partially); fingertip amputations with or without bone loss; medical amputations resulting | |
| from irreparable damage; amputations of body parts that have since been reattached. | |
| Amputations do not include avulsions, enucleations, deglovings, scalpings, severed ears, or broken or chipped teeth." | |
| | |
| 20 | |
| | |
| | |
| | |
| 1904.40 – Providing Records to Government Representatives | |
| ◆ Must provide copies of the records within 4 business hours | |
| Use the business hours of the establishment where the | |

records are located

the business hours of New York

 $\sim \mbox{e.g.}$ If an inspection is in Texas and the records are in New York, use

| ♦ Lost Time Case Rate | |
| ~ Lost Time Incident Rate (LTIR) | |
| ~ Lost Workday Incident Rate (LWIR) ~ LTCR | |
| ~ Days Away Rate (DAR) | |
| the number of lost time cases per 100 full-time employees in | |
| one year | |

| | Types of Incident Rates |
|----|--|
| • | DART Rate ~ Days Away Restricted or Transferred (DART) |
| • | Describes the number of recordable incidents per 100 full time employees that resulted in lost or restricted days or job transfer due to work related injuries or illnesses. |
| 25 | |

| Types | ٥f | Inci | dent | Rates |
|-------|----|-------|------|-------|
| 11000 | O1 | 11101 | ueni | nates |

- ♦ Severity Rate
- Describes the actual number of lost workdays experienced as compared to the total number of OSHA recordable incidents experienced.

26

How to Calculate an Incident Rate

♦ IR Formula

Number Cases (N) X 200,000

Number of Employee hours worked

| 2 | n | n | 1 | N | 0 | C |
|---|---|---|---|---|---|---|
| _ | v | v | • | v | v | u |

- Incident rates are based on the number of injuries occurring to 100 employees in a year.
- ♦ 100 employees
- ♦ 40 hours per week
- ♦ 50 weeks per year
- ♦ 100 x 40 x 50 = 200,000

| _ | | |
|------|---------|-----------------|
| Seve | | $D \sim + \sim$ |
| 7676 | V I I I | RAIP |
| | | |

Total number lost workdays

Total number of recordable incidents
