# AutoCAD Lab #10 - Fall 2020 SWJTU
Lab Final Review
Due Date: Thursday Dec. 3, 2020 before 8:00am

Homework #1

Homework #2

1. Homework #1
   a. Build Bracket part in 3-D per dimensions on *Lab10HW1.pdf*.
      – Upload your 3D part *.dwg* file to the Canvas dropbox.
   b. Using flatshot, draw the 3 orthographic views (front, top, right).
      – Make sure orthographic views are properly aligned.
      – Create a dimension layer and add at least **five** dimensions to your ortho drawing. You may choose which features to dimension.
      – Upload your orthographic drawing to the Canvas dropbox.

2. Homework #2
   a. Build Handle in 3-D per dimensions on *Lab10HW2.pdf*.
      – Upload your 3D part *.dwg* file to the Canvas dropbox.
   b. Using flatshot, draw the 3 orthographic views (front, top, right).
      – Make sure orthographic views are properly aligned.
      – Create a dimension layer and add at least **five** dimensions to your ortho drawing. You may choose which features to dimension.
      – Upload your orthographic drawing to the Canvas dropbox.

3. Submit your **four** *.dwg* files to the appropriate Canvas dropbox before the due date.
